Notes:

¹Annual Sewer Service Fees will be charged once the connection to the sewer main has been made and will be prorated for new connections.

²Non-Residential Annual Sewer Service Fees are based on water consumption for the previous calendar year less allowances for verified landscaped areas. Until one years worth of water usage is available, non-residential customers will be billed the residential annual service fee multiplied by the SFREs based on water tap size(s).

³Sewer Connection Fee is based on water tap size(s).

⁴Stub-in Fee Deposit will be credited toward connection fees payable to ASD and Metro at time of connection.

⁵Drain Layers License is issued for the calendar year.

⁶Renewal Fee is charged if drainlayer's license has been paid within last three calendar years.

⁷Acreage Fee is charged per acre or portion thereof, with a minimum charge of \$800.
